Athlete Selection

The Team will be filled in consecutive order from the following items until the team fills or until there are no additional swimmers to select from:

1. All swimmers who achieve at least 1 NAIG “Priority 1” time standard by the end of the selection period within their age group will be ranked in order by the highest total number of NAIG “Priority 1” qualifying times achieved in events offered at the NAIG Games until the team is filled. (if “Priority 1” times in both LCM and SCM then the time will only be counted once).
2. If the team is not filled via #1 above then all swimmers who have achieved at least 1 NAIG “Priority 2” time standard by the end of the selection period within their age group will be ranked in order by the total number of NAIG “Priority 2” qualifying times achieved in events offered at the NAIG Games until the team is filled. (if “Priority 2” times are in both LCM and SCM then the time will only be counted once).
3. If the team is not filled via # 1 and 2 above then all swimmers who have not achieved at least 1 “Priority 2” time by the end of the selection period will be ranked in order of their percentage away from the NAIG “Priority 1” 19 & under qualifying standard, carried to two decimal places (i.e. 87.77%). These athletes will then be selected in rank order into the youngest age group they are eligible for spots still available. Link to [NAIG SK CALCULATOR](#)

Sample Calculation: Women 19 & U - 100 Freestyle SCM
NAIG Priority 1 Standard = 1:04.95 - Athlete Time = 1:14.00
Percentage = (Standard / Athlete Time) = (1:04.95 / 1:14.00) = 87.77%

4. If the team does not reach the maximum team size of 24 (12 male & 12 female) after priorities 1 to 3, then the unfilled spots shall remain vacant.
5. Should there be a tie in any age category, the swimmer with the single highest percentage from the NAIG Priority 1” 19 & under qualifying standard in any event offered at NAIG will be selected. If this should not break the tie, the next highest scoring point will be used until the tie can be broken.

Once selected Swimmers will be required to:

- 1) Complete the online Swim Sask Performance Development Team – Swimmer Registration Form 2019-2020
- 2) Complete any required Team Sask NAIG forms.
- 3) Attend all team development camps (January/March/May 2020).
- 4) Maintain a regular training schedule to ensure competition readiness for the NAIG Games.

Selection Committee

There will be 3 persons appointed to the selection committee for 2020 Team Sask NAIG Games. One of which will be the Swim Sask Program Coordinator, Jodi Nicholson-Hachey, one will be the Swim Sask Technical Coordinator Aaron Maszko, and then one other designate.

Competition

At this time, we do not know if the NAIG swimming competition will be sanctioned. Registered Swim Sask/Swimming Canada swimmers are able to participate/compete in an unsanctioned event however the results are not officially recognized by Swimming Canada or Swim Saskatchewan. If unsanctioned, results are deemed unofficial and no Provincial or Canadian records can be set, results will not go into the rankings and results achieved at this competition would not be eligible to be used to qualify for or entry into future sanctioned meets.

Entry in Events at the 2020 NAIG Games for Team Sask

Athlete selection events does not guarantee specific event entry at the Games. Individual and relay entries are made at the sole discretion of the Team Sask Head Coach or designate. Relay participants may change from those used during the entry process at the discretion of Team.
